Parents or Carers will need to ring school or check the School Website for **uniform requirements** (Usually in the Parent's Section), in particular checking whether sweat shirts need the school badge on them and checking the colours of all items.

Parents or carers must **measure their children** (we have sizing and measuring guides available). Measurements are more reliable than age guides.

Please make sure your children try on all their uniform as soon as possible. **Returns need to be completed within 7 days** and returned items need to be unworn with the labels still attached.

It is possible to swap items e.g. an extra shirt instead of a sweat-shirt.
